Form 470 – Application #180017898
Form 471 – Application #81035452

The Form 471 was filed after the close of the FY 2018 filing window. This was due to a clerical error when filing the Form 470 for this small rural school district. I file the E-Rate applications for twelve of our small rural school districts as part of our services through the Board of Cooperative Educational Services (BOCES). The Form 470 was created on January 22, 2018 which would have allowed the twenty-eight-day waiting period to be completed within the filing window. I didn't realize I had not finished or certified this application until I began submitting the Form 471 for all of the districts. As soon as I realized my error I contacted Universal Services Administrative Co. to determine the best path to correct this error. I was advised to certify the application, wait the twenty-eight days, complete the Form 471 on the allowable date, and then file an appeal.

The Eads School District RE-1 is a small rural school district who depends on this funding in order to provide Internet access for the students within the district. The district is located in a remote, rural area of Colorado and relies on the cooperative services provided through our program as well as the benefits of the E-Rate program.

Please consider this waiver and approve the late submission on behalf of this school district. I do my best to comply to the rules and regulations within this program but I regrettably failed to follow up on the certification of this districts submission.

Thank you for your consideration of this waiver and for allowing me the opportunity to request this for the Eads School District RE-1

Sincerely,

Loraine Saffer
